STAIRMATE SA-S Powered Stair Climber

For manual wheelchairs (Up and downstairs)

The Stairclimber (SA-S) is an easy to use, portable wheelchair lift designed to attach to most manual wheelchairs. It is simple to operate and is a one-person operation.

The powerful motor allows a small attendant to safely transport a passenger lighter or heavier than themselves up and down stairs. The SA-S is suitable for indoor or outdoor use in public buildings and private homes. An affordable and reliable portable access and egress solution.

Applications

- ◆ Ideal for travelling upstairs and downstairs without the need to transfer from a manual wheelchair
- ◆ Wedding venues and other public buildings where lifts are not available or are out of action
- ◆ Can be transported in a vehicle so can attend venues and buildings with a step!

Why buy the Stairmate SA-S?

- ◆ Short wheelbase
- ◆ Less space needed to turn on small stair landings
- ◆ Single touch operation
- ◆ Flexible extensions allow for wider wheelchairs
- ◆ Bespoke capability
- ◆ 150 KG Max Weight Capacity.

About us

ESL Services provide the most comprehensive range of evacuation chairs and stairclimbers to improve safety when getting people in and out of buildings. Important - people have different needs and therefore require different choices.
