Product Overview:

Designed to offer a secure and convenient way to store, transport, and charge your Listen Technologies iDSP (RF and IR) receivers, the LA-380 charging/carrying case is the ideal choice.

The interior tray can accommodate and charge up to twelve (12) iDSP receiver units, and each tension lock slot ensures secure storage and proper power connectivity. An interior pocket also provides storage for earphones and other accessories. Each Charging Tray comes with a power supply.

Locking latches on the exterior of the case and foam lining on the interior provide added safety for your Listen Technologies iDSP receivers, and the shoulder strap offers another option for transporting the case wherever the receivers are needed.

Transport, charge, and secure your iDSP receivers with the LA-380 Intelligent 12-unit charging/carrying case. (NOTE: Case not suitable as a shipping container)
