Gecko Powered Stairclimber

Anti-tipping wheeled stair climber with seat or wheelchair

The Gecko seat version is ideal for those who can transfer.

The seat version has an adjustable drawbar to better suit the operator during manoeuvres and an adjustable headrest for greater user comfort. This version also has fold-down armrests and a fold-down

footrest.

There is also a wheelchair model, please see our website for more information.

Applications

- ◆ Designed to overcome architectural barriers with comfort and safety
- ◆ Suitable for all types of stairs, L-shaped landings or spiral-shaped staircases.

Why buy the LG2004 T-Lift?

- ◆ Patented anti-tipping system
- ◆ Recognition of start and end of step
- ◆ Suitable for all types of stairs
- ◆ Comfortable position during use
- ◆ Customisable functions
- ◆ Folding armrests - for easy transfer at every stage of use
- ◆ Folding footplate - footplate can be folded down to facilitate user transfers.

About us

ESL Services provide the most comprehensive range of evacuation chairs and stairclimbers to improve safety when getting people in and out of buildings. Important - people have different needs and therefore require different choices.
